

LEGACY WORD SEARCH

Use the following words (and more of your choosing) and build a word search for the whole community to play. Add colours, pictures, make your word search into a shape, be creative! A grid is attached to help you line up your letters.

You can fill up the whole grid, just parts of it (to create a shape) - again, creativity is key!

All word searches will be posted to the Legacy Community Association page for neighbours to play during the summer.
